Other: Responsive Design, Accessibility (a11y), Agile/Scrum, CI/CD (GitHub Actions)

EXPERIENCE

Frontend Engineer Intern | Guru Innovation Hub

August 2024 – Present

- Developed an Identity Card Management System, digitalizing ID card verification using React, TypeScript, and REST APIs.
- Built an Attendance Management System that reduced administrative workload by 30%, integrating form validation with React Hook Form and Zod.

- Co-developed a campus e-commerce platform using Next.js and Tailwind CSS, implementing state management with Zustand.
- Co-developed a SaaS workspace management product with real-time data handling via TanStack Query and Supabase.

Frontend Engineer (Contract) | WidgetoryConnect

June 2025 – January 2026

- Built responsive React applications with TypeScript, Tailwind CSS, and Framer Motion for smooth UI interactions.
- Refined IoT dashboard user experiences, boosting engagement by 15% through performance optimization and interactive data visualizations.

Frontend Engineer (Contract) | MicroCollab

October 2025 – February 2026

- Building and maintaining a team management tool using Next.js, TypeScript, and Shadcn/ui, serving both small and large organizations.
- Implementing role-based access, form handling, and API integration with Axios and React Query.

PROJECTS

Crea8Invoice (2026)

React, TypeScript, Tailwind CSS | crea8invoice.vercel.app

- Built a full-featured invoice and rate card generator with PDF export and creator analytics dashboard.

Youth Torch Initiative (2026) | <https://youthtorchinitiative.netlify.app/>

- Next.js, Tailwind CSS, Framer Motion | youthtorchinitiative.netlify.app
- Designed and developed a responsive landing page and blog for a non-profit, focusing on accessibility and SEO best practices.

Big Cee Unisex Collections | <https://bigceeunisexcollections.vercel.app/>

- Next.js, Tailwind CSS, Framer Motion
- Designed a listing e commerce site for a clothing brand.

Nexora (2025)

React, TypeScript, SASS, REST APIs

- Developed a pharmacy locator and drug search platform with advanced filtering, achieving 95% user satisfaction.

Unispace (2025)

Next.js, Tailwind CSS, Supabase, Zustand

- Built a workspace booking and management platform with real-time availability, user authentication, and an embedded community feature.
